# Christmas Craft Instructions

## Snowflake Threading

### You will need...

White Pipe Cleaners  
Clear, White and Silver Beads  
Scissors  
Snowflake Display Photos

### What you do...

1. Look at the pictures of snowflakes; explain that we're going to make some snowflakes using pipe cleaners and decorate them with beads.

Give each child a few pipe cleaners, support them in experimenting how to join them, encourage the children to look back to the photos for inspiration.

3. Make sure the children can add beads to their design before they close any gaps in the pipe cleaners.

Support the children to thread on a pattern or beads where they want to.

5. Finish the craft by twisting any loose ends together or bending spiked ends over so that no beads fall off the pipe cleaners. Dangle the finished snowflakes from the ceiling using thread or add to small world play or sensory basket.
