What is the aim from today? Enjoy

The screenshot shows the KidLogger website interface. At the top, there's a blue header with the 'zoodles' logo and user information: 'Hi william.elcock@gmail.com Need help? Sign out'. Below this is a green navigation bar with buttons for 'My Profile', 'Premium Features', 'Child Profiles', 'My Books', 'Camera and Mic', and 'Billing Info'. A secondary green bar contains 'Overview', 'Art', 'Books', 'Video Mail', 'Progress Report', 'Browse Content', and 'Education and Parental Controls'. The main content area is divided into two columns. The left column, titled 'Will's Learning', shows progress for various subjects: Cognitive Development (less than a minute), Math (less than a minute), Life Skills (less than a minute), Creative Development (less than a minute), Reading (less than a minute), Science (less than a minute), and Social Studies (less than a minute). A 'Promote Subjects' button is present. The right column, titled 'Browse', lists subjects: Cognitive Development, Creative Development, Life Skills, Math, Reading, Science, and Social Studies. At the bottom, there are checkboxes for 'Account Notifications' and 'Weekly updates', and links for 'iPhone App (Install)' and 'iPod Touch App (Install)'. The footer includes the URL 'http://www.kidlogger.net' and a 'CLOSE' button.
